Encouraging Canadian Unity

## Our Mandate

The Canadian Club of Winnipeg is a not-for-profit, apolitical organization. The mandate of the Club is to provide a forum for guest speakers who have a message of general interest to Canadians. It is through these speakers that the Club seeks to promote Canadian unity and identity and aims to offer to members and guests the opportunity to hear intelligent discourse on issues that affect our city, province and nation. The topics touch on various areas of interest, from the political arena to the forefront of technology, to the hot button topics of health care, to the latest in current affairs.

## Our Membership

Our membership includes individuals from diverse backgrounds; business executives and bankers, politicians, teachers and their students, investment managers, media professionals, retired persons, homemakers, sales representatives, lawyers, judges -- and the list goes on.
